TESOL-SPAIN is the national association for English teaching professionals in Spain. The National Convention offers participants a wide range of presentations by national and international speakers including plenary and keynote presentations, workshops, round tables and product presentations. There will be over 100 presentations on a wide range of topics during the two and a half days. It is attended by a wide variety of EFL professionals. There are teachers from infant, primary and secondary schools, from EOIs, universities, technical schools and academies, as well as teacher trainers, material writers and course planners
